DISPOSITION TO DOMINATE

KEYNOTE PRESENTATION

by Ed Molitor

Disposition to Dominate is about way more than just dominating your competition and the marketplace.

Is a byproduct of your commitment to dominating the goals in front of you, dominating the controllable, embracing change and always being willing to evolve, being agile, and constantly working on your self-awareness.

- + **Intangibles** > The little things that separate you from others and who you were yesterday.
- + **Creativity** > Reframe circumstances (Think, Feel, Act)
- + **Objectives** > Systems and Processes
- + **The Power of Habits**
- + **You** > Responsibility/Ownership
